

PUBLIC INFORMATION NOTICE MAINLINE TROLLEY BUS SURVEY

The City of Danville is evaluating the possibility of providing new trolley bus service that would offer direct access to the River District and Historic Districts in Danville. The intent of this new service would be to offer convenient transportation to growing entertainment, dining, shopping opportunities, encourage Park N Ride access, reduce drinking and driving and promote tourism. Planned hours of operation will be determined based on survey responses received and the completion of other service planning activities. The fare for the proposed service would be consistent with the existing fixed route fare structure; \$1 base fare, \$.50 for seniors 60 years old and older and persons with disabilities until 12:00 p.m. One (1) child 12 years old and younger may ride free with a paying adult. Please answer the survey questions by accessing the link to assist the City of Danville with this transportation planning activity, <https://www.surveymonkey.com/r/trolleybussurvey>. To complete a paper copy of the survey, please contact the Transportation Services office at 434-799-5110.
